PROJECTS

Wine Mate - github.com/RobPerez155/Wine-Mate, enigmatic-forest-26491.herokuapp.com/

- A solo project where a user can plot points for a road trip, leave reviews, and discover new vineyards and wine varietals from around the country.
- Built using a Ruby on Rails backend and a JavaScript React frontend, incorporates a Google Maps API, uses Foundation for styling.

Ice Cream Social - github.com/LegioTitanicus/Ice_Cream_Social, ice-cream-social-29.herokuapp.com/

- Worked with a group to develop an ice cream review website for users to discover new flavors from around the world.
- Built using a Ruby on Rails backend and a JavaScript React frontend.

WORK EXPERIENCE

Launch Academy, Boston, MA - *Apprentice Full-Stack Developer*

April 2020 - August 2020

- Completed an 18 week accelerated full-stack bootcamp to develop skills in JavaScript, React, Ruby, Rails, and more.
- Utilized Agile Methodologies, pair-programming, and test-driven development while working remotely with peers and managers.

Floor Decor, Middletown, CT - *Sales Manager & Engineer*

September 2016 - March 2020

- Researched and augmented personal learning to keep up with trends as well as improve upon installation services we offered.
- Created connections with customers and businesses to provide superior service and drive sales.
- Responsible for assessing job sites to determine the best flooring solutions, taking into account budget and site conditions.
- Worked autonomously coordinating time between running a showroom and visiting job sites.

Lumber Liquidators, Milford, CT - *Store Manager*

June 2012 - September 2016

- Oversaw the education and development of staff.
- Conducted inventory of merchandise on the sales floor.
- Supervised and trained employees on operating heavy equipment.
- Responsible for maintaining customer satisfaction and experience.
- Worked closely with regional management to improve sales flow and productivity.

EDUCATION

University of Connecticut, Storrs, CT - *B.A. in History*

September 2007 – June 2013
